### **Report Illegal Dumping**

Each day we struggle to keep our properties clean. We also work hard to keep our costs down. Unfortunately, outsiders who are not residents of the WHA are making things more difficult by illegally dumping on our property.

One of the most common forms of illegal dumping is when non-residents use WHA dumpsters for their trash. This dumping costs the WHA money. That means that we have less money to spend on services for our residents.

We need your help to solve the problem. Here's what you can do to help.

1. *Get Information.* If you see someone dumping illegally, take down their license plate number, time of day, description and any other information that might help us locate the offenders.
2. *Call your Housing Manager.* Please let your Manager know whenever you are aware of illegal dumping. They will conduct an investigation.
3. *Collect your REWARD!* The WHA offers tenants a \$200 reward for information that leads to a fine being paid by an illegal dumper.

This is your community. Help us keep it clean and save money for our residents.
